Description

The Maritimo M64 Cruising Motoryacht.

This slightly smaller version (64 feet) of the hugely popular M70 cruising motor yacht has a lower price tag but still features many of the same features and benefits of its bigger sibling. Its shorter length simply means you no longer need to compromise on luxury and long-range performance if you have tighter berthing requirements.

The spacious living area, with apartment sized living space, makes this boat suitable for accommodating a large family or more than one. It has a full beam master suite, with king bed and ensuite, fully enclosed fly bridge, walk-around decks, bi-fold doors and enclosed stairway between the bridge and lounge. It can be custom made with a three cabin, three bathroom, configuration or four cabins, two bathrooms. You can even have an office by eliminating one of the bathrooms.

With Maritimo's super efficient shaft drive and hull design technology the Maritimo M64's fuel capacity of 5600 litres will give it a great range rivalling competition before you add the optional long range fuel tank.

Powered by a pair of Volvo D13 900 HP engines, it places 1800HP at your disposal whilst Maritimo's race proven shaft drive and hull design technology ensures superior fuel consumption for long range high speed blue water cruising. The perfect example of where innovative engineering and design efficiency combine to deliver the ultimate performer.

In keeping with all Maritimo motoryachts your personal taste can be accommodated into the finished layout including choice of hand crafted timber detailing, convertible berths, relocatable tables and a wet bar.

Like all Maritimo motor yachts, the M64 comes with a five-year structural warranty and you are assured of thousands of hours of efficient, reliable running.
